Re: Mustang Concepts
3762 Imperial Street Unit # C
Frederick, CO 80516

To Whom It May Concern:

We have been asked to write a letter regarding any concerns that I and my husband might have pertaining to the installation and operation of a paint booth by Mustang Concepts at 3762 Imperial Street Unit C, Frederick, Colorado.

My husband and I live on premise here at Glacier Park Storage as onsite managers. As we are the only residence within a quarter mile of Mustang Concepts, the town council is concerned that we might have some misgivings with the operation of said paint booth.

Both my husband and I are completely satisfied that the enclosed booth meets the standards set by the EPA and has more than sufficient filtering to eliminate both spray-over and fumes. We, both, in the past have had the opportunity to work within manufacturing plants that use similar internal paint booths and equipment and our exposure to this equipment leads us to believe that we will not have any complaints nor worries with Mustang Concepts operations.

Stuart Painter, owner of Glacier Park Storage, has already written that he is satisfied with the precautions that Mustang Concepts have taken to protect his buildings and property.

We believe that Mustang Concepts will be an added asset to the businesses and tax base in Frederick, Colorado. We welcome them to Glacier Business Park as a neighboring business and hope you will see fit to grant them the necessary permits and licensing to operate within the township of Frederick..

Respectfully,

Pat and David Cornelison
Managers
